Vision

To provide a stimulating learning environment which maximises individual potential and ensures that students of all ability levels are well equipped to meet the challenges of education, work and life.

Mission

DPS Janjgir-Champa seeks to create a challenging learning environment that encourages high expectations for success through development-appropriate instruction that allows for individual differences and learning styles. Our school promotes a safe, orderly, caring and supportive environment. Each student's self-esteem is fostered by positive relationship with students and staff. We strive to have our parents, teachers, and community members actively involved in our students' learning.

Objectives

- The school has a commitment to the highest standard of education for all pupils.
- The emphasis is on care, providing excellent education, treating the pupil as a complete individual and ensuring their abilities and talents are nurtured and developed.
- Inculcating a spirit of research and creativity and to develop talented and responsible citizens.
- Providing a safe, secure, positive and enjoyable environment that builds self-esteem, self-confidence and the essential attitude necessary to become a supportive member of the society.
- Developing an awareness of and respect for the interactive nature of diverse languages, cultures, customs and religions.

Welcome to our School

DELHI PUBLIC SCHOOL, JANJGIR-CHAMPA is a truly exceptional day cum residential school, where our faculty and the wider school community proudly reflect the shared vision, commitment, and energy necessary to ensure the educational success of every student. Discover real treasures without a map & we know that we are better off.

We are happy that our school has successfully completed 8 Academic Sessions in Janjgir-Champa. We are delighted with the progress of our school which is a great learning destination in the district and nearby areas and the students do not have to migrate to other places in search of quality education.

We believe that each of our student is a unique individual with equal potential to make a positive contribution to our school and society. We aim to provide the direction, counsel, and support that each student needs to reach his/her full potential. While we have established high standards for academic achievement and performance, our educational programme has been created with an emphasis on the development of the person as a whole. At DPS-JC, parents, students, faculty and staff work together as a community to solve problems within a framework of fairness and shared values. With students from different geographies represented on campus, each of us has an exceptional opportunity to develop an understanding of, and appreciation for, the philosophies of people from many different cultures. We hope to have the opportunity to welcome you and your child to DPS-JC in future. And, of course, we hope that you can visit us to learn at firsthand what sets us apart in the world of modern education. "Bear in mind that the wonderful things you learn in your school are the work of many generations. All this is put in your hands as your inheritance in order that you may receive it, honor it, and one day faithfully hand it over to your child"

Message from the Principal

Mrs. Kalpana Singh
Principal, DPS-JC

"Children are living beings-more living than people who have built shells of habit around themselves. Therefore it is absolutely necessary for their mental health and development that they should not have 'mere school' for their lessons, but a world whose guiding spirit is personal".

- Rabindranath Tagore

Delhi Public School continues to uphold traditional values while adopting contemporary infrastructure and pedagogies. Individuals having diverse backgrounds, carrying unique streaks of values, traditions and cultures enter the portals of a learning community. At DPS-JC, unrelenting effort goes in mentoring and metamorphosing the uncut diamonds into finer DPS gems. DPS is an amalgamation of competent teachers, state of the art infrastructure, an idyllic setting and experienced and efficient administration. Modern and secure infrastructure, pollution free environment, CBSE curriculum, excellent pastoral care. Education is not learning by rote and then repeating it in the examination. Our approach is student centered and goes beyond text books, class rooms and boundaries. Students develop practical skills, enabling them to apply their learning to unfamiliar situations and think critically about different issues. These prepare them for a lifelong success. We have live multimedia presentations to facilitate deeper understanding of concepts. At the core of the school's educational philosophy, modern education and cultural heritage are complimentary and help the students to become better citizens. We inculcate in the children, a respect for Indian culture. This edifice and temple of learning will always be a source of never-ending inspiration for our young children. DPS nourishes, nurtures and binds our families by the tenacious threads of values and ethos. Our staff dedicatedly follows the motto of "Explore, Research and Achieve" in their quest for excellence. It is because of their selfless and relentless efforts that the school has reached majestic heights. We teach our students that failure is only the first step to success and they must stand up each time they fall; to rise like the phoenix from the ashes of what was yesterday and to soar with wings widespread into the opportunities of tomorrow.

We are very grateful to our parents for their sincere involvement in the School. Without their single-minded co-operation between the school and home we cannot offer the holistic education towards which we are striving; 'Sarva Gunn Sampann'.

Schooling Level

Pre Primary Section

When a child first goes to school, leaving behind the warmth and safety of home, it is that child's right to be given the same sense of security at school. Recognizing this obligation, we have designed our Pre-Primary wing with special focus on very young child's needs. Every child is valued as an individual, and given the chance to develop in his/her own special way and still given a strong, solid foundation in academics which can be built upon effectively at higher levels.

Primary Section

When children come from Pre-Primary section, our aim is to put the children at the centre of their own learning and place great emphasis on nurturing skills and attitudes such as resourcefulness, resilience and co-operation. Enable them to make links between the individual subjects and applying them to topics. We have designed our Primary wing with the special focus on every child's needs. Every child is valued as an individual. Our teachers work on their all round development.

Middle School Section

In this critical phase of school education, with students stepping into difficult adolescent years and at the same time, having to deal with new expectations and new ways of working—we lay emphasis on not just teaching, but intensive counseling, career guidance, and a teacher-student equation based on trust and empathy. The CBSE curriculum, counted among the best worldwide, is delivered effectively by our trained and highly motivated faculty, ensuring that no aspect of the students' development is overlooked.

High & Higher Secondary School

The school is affiliated to CBSE up to 10+2. First Three batches of standard X have brought laurels to the school by registering a pass percentage of 100% with as many as six students securing above 90% in the 2018 Board Exam. Thereafter, we have Science with both Mathematics and Biology on offer for students to choose from either, and Commerce. Under the guidance of expert and highly experienced faculty the students gain knowledge and direction in their chosen subject(s) of interest.

Support Services

Faculty

Our teachers are carefully chosen having aptitude and experience to teach the young children. Never satisfied with the tried and tested, they delight in creating more effective ways to explore and share knowledge thus breathing life into their teaching, thereby, enabling our children to go beyond rote learning. Our teachers are here because they love teaching, they love kids and they love the school resulting in a dynamic, challenging, interesting and excitement filled atmosphere. All this is possible because of our continuous and comprehensive in-service orientation, education and training programme for teachers through self-motivated school based activities conducted time to time on behalf of CBSE and Life Educare. Lifelong-learning teachers create lifelong-learning students.

Student Mentoring and Counselling Services

The school follows mentoring scheme where each child (mentee) is given under the personal care of a teacher (mentor), the mentor is in touch with the students on a regular basis and does maintain various behavioral, emotional and personal growth record of the student. He is in regular touch with the parents and discusses the overall development of the child.

Competitive Examination Coaching

National Science Olympiad (NSO) and National Science Talent Search Examination (NSTSE) enhances the knowledge of students which helps them face competitive exams in future. The school provides practice sessions complete with interactive feedback and tutorial session in which the student is taught about the basic techniques for answering various types of questions.

Career Guidance

Career planning is one of the most crucial aspects of any student's life. Choosing a career is not an easy process, so it should start as early in the academic life as possible. At our school we have started it early & help students gather information on issues such as different career options, the eligibility criteria, the premier institutions from where the required qualifications for a certain career could be acquired. Variables such as attitudes, abilities and inclinations also play a major role. A discussion on careers cannot be completed without a review of personality tests, group discussions and interviews which are done on a regular basis to find the areas of improvement & various strengths which can be worked on.

Boarding life

Modern Amenities | Physical Development | Spiritual Development

It has been a commitment to provide quality education, state of the art infrastructure and multiple opportunities for the student to grow in a congenial environment most suitable for all round development. To take this commitment to a wider section of students, DPS-JC opened its hostel facilities exclusively for boys from class IV to XII. Presently the hostel can accommodate 24 students. The hostel is located in Krishna Vihar colony near the school campus. The surroundings are well maintained with lush green gardens and is surrounded by concrete walls. Round-the-clock security to ensure a safe haven for the students. The students are placed in en-suite rooms shared by 3 students of their similar age. Apart from bed, each student also has a personal cupboard which makes handling of the belongings easy and safe. Room is equipped with study tables and chairs to facilitate uninterrupted studies. The hostel is equipped with all essential facilities, to make the stay for students comfortable and homely. A well maintained, hygienic and well-furnished mess with expert cooks serving children healthy food. The children follow a prescribed schedule, which is strictly adhered to in order to bring about discipline in their routine and create a healthy routine for a lifetime. It starts with the Jogging in the morning and ends with evening sports and special subject coaching. Spoken English & Remedial classes for all the students for overall development in academics. Their weekends are scheduled with unlimited fun & frolic with indoor cinema, sports & leisure hours. Hostel Warden resides within the hostel round-the-clock ensuring utmost personal attention towards the students all round development. This results in a homely atmosphere across the hostel and a secure and reassuring environment for children.

Boarding Highlights
